FOR IMMEDIATE RELEASE

Staybridge New Orleans Commits to Community Service Program

The Staybridge New Orleans Team is participating in a community service program that exemplifies components of the Providence Hospitality Partners "Within Our Care" program. This commitment is essential to the PHP "Servant Leadership" philosophy. The team focused on identifying an organization in the area that receives resources from nearby individuals, companies and associations with 100% of the benefit going to local recipients. The team selected Second Harvest Food Bank of Greater New Orleans and Acadiana. (www.no-hunger.org)

This year-round commitment will benefit people or families who are in need. The Staybridge NOLA team is scheduled to participate monthly at the Second Harvest Food Bank for the remainder of 2013 and through 2014. Managers will rotate and other associates who want to participate will have several opportunities to jump in and help out the chosen charity while helping the local community.

For more information, contact David Mock, General Manager, 504-571-1818
